with

**Keith & Tex feat. Rudy Mills (JAM), The Soul Chance (US),
The Steadytones (D)**

In April / May 2022 we send a particularly nice package on European tour. "**Rocksteady got Soul**" - Hosted by "**The Steadytones**" with "**Keith & Tex feat. Rudy Mills (JAM)**". For all lovers of Reggae and Soul an absolute must!

"Keith & Tex feat. Rudy Mills (JAM)" to see together for the first time in German-speaking countries. As teenagers in Jamaica they were Derrick Harriott's singers of choice in the studio! In this hit forge of the golden Rocksteady era, timeless classics like "Stop that train", "Long Story", "Leaving on that train", "John Jones" to name just a few were created.

We revive this carefree era by bringing the hits of this legendary time with their original performers on stage!
